Catalog No. 10

Offices and Factory

2435 - 2441 Irving Park Blvd.

CHICAGO, U. S. A.

## INTRODUCTION

*This Catalog* was compiled so that you may know what we make and what we can make. You will find attractive designs for every type of building, for homes, apartments, business buildings, theatres and public edifices.

Every article is made from start to finish in our own factory. Latest methods, machinery and skilled workmen enable us to produce goods of the highest quality — and you get the benefit of our unusually low overhead expense. Furthermore, we are sure that we can give you faster delivery than from any other source. Prompt delivery is a very important feature of our service. We usually ship the same day the order is received. Try us. We are eager to show you what we can do.

If you should want builders' hardware to suit individual ideas, consult with us, we shall be glad to help you. Keep this catalog close by your desk for frequent reference where your clients and customers can look it over. You will find them very keenly interested.

All goods are carefully inspected and tested before shipping, and you have our unlimited guarantee that we will gladly replace any article which is not up to standard in material and workmanship or is unsatisfactory in any way. Please remember that we endeavor to manufacture a real Quality line of builders' hardware.

### *Instructions for Ordering*

When ordering, please be sure to give the Figure Number and Full Description of the article. Be sure to state the kind of Finish wanted. Also give shipping instructions. Our location in the Great Central Market, the largest railroad and aeroplane terminal in America, means that freight, express, parcel post or aeroplane shipments can be routed direct to destination without transfer or delay, resulting in prompt arrival of your orders.

We earnestly solicit your inquiries for Special Brass, Bronze, Nickel Silver and Aluminum Hardware not illustrated in this catalog. We can make anything in non-ferrous metals.

Write for our latest prices.

## Sanitary Speaking Tubes

Fig. 513

This is the most improved design of speaking tube for ticket offices. A piece of muslin gauze prevents dirt, dust and germs from entering into the ticket booth. It also keeps out the draft. This speaking tube is securely fastened to the glass by a tight retaining collar and will positively not jar loose.

## Wind Shield

Fig. 514

This Windshield keeps out the draft and dirt from the ticket office. Size 14x5 inches.

The base is made of polished brass, with heavy plate glass shield.

## Cast Brass Railing Fittings

Gentlemen:

If you buy Builders' Hardware, you will be interested in the Supplementary Catalog enclosed. Please be sure to file this with our regular Catalog No 10.

You probably don't appreciate the many advantages we can give you. First, of course, Schlangen Hardware is Good Hardware. That isn't merely an expression - it's a fact. Made entirely of Brass, Bronze, or Nickel silver, Schlangen Hardware will never rust or wear and will last as long as the building.

Then, we can give you the advantage of quick deliveries. Where you may now wait for four or five weeks for delivery, we can ship in a few days. Ninety per cent of our orders are shipped the same day they are received - and that's a record no one can beat.

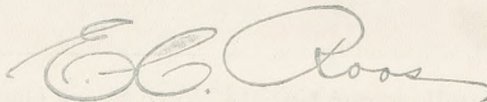

As far as our prices are concerned, we don't have to tell you much about that. All you have to do is to check our jobbers net price list and you will find the reason why the majority of builders' hardware dealers are sending us their business.

Another thing, OUR NET price system is a wonderful convenience. Most hardware dealers are busy men and they have found that our net price list saves them many dollars a year in figuring estimates.

We have many other advantages that would require a twelve page letter to write, but honestly we know that you will appreciate the complete satisfactory service we can give on door handles, pull bars, kickplates threshold and the many other items in our catalog..

At your service,

SCHLANGEN MANUFACTURING CO.

ECR\*HG

Send us your orders for SPECIAL BUILDERS' HARDWARE Pull and Push Bars, Kick Plates, Pull and Push Plates, Entrance Door Handles, Threshold, Antique Hardware.
